

## BANKS

Here's a list of banks in Costa Rica. Their banking system is actually very advanced and continues to grow as foreign investment continues to flow in. This is a list of the main ones. There are many other smaller ones that locals use but they don't offer the full service that these do. They've got everything from big to small, local to global. They also have companies like Western Union and Moneygram for wiring and such...

### State banks:

Banco nacional

Banco de costa rica
