

HACIENDA MATAPALO OPERATIONS AND PARTNER

Edwin has been actively involved in the real estate market in Costa Rica during the past several years of explosive growth.

Before becoming a partner in Investors Realty Costa Rica, he ran his own realty services company specializing in land acquisitions for some of the most prominent developers in several coastal areas of the Pacific Coast and beyond. He wears many hats for benefit of our project. We're very fortunate to have this "home town boy" on our team. He has never met a stranger; only people he hasn't met yet!
