"GIVE ME SHELTER"

HACIENDA MATAPALO BUILDS SHELTER FOR MATAPALO SOCIAL SECURITY OFFICE

The partners of Hacienda Matapalo answered the need for shelter outside the Seguro Social office in the town of Matapalo. At various times during the month, families in need can visit the Seguro Social office to receive milk, formula and other baby supplies. The line to enter the building is usually long on those days and recipients have had to wait outside subject to the heat and/or rain depending on the season. Thanks to a generous donation of time, materials and labor by Hacienda Matapalo, parents now have a comfortable waiting area with a new floor and roof to keep them shaded and dry. "You are like angels to us" was the sentiment of a smiling mother with two children in tow.

"The partners and staff at Hacienda Matapalo feel fortunate to be welcomed by the town of Matapalo and look forward to being good neighbors to its people" said Brian Albury, V.P of Sales and Design.
